RE: Proposed rule concerning the disclosure of certain civil penalty information.

First Security Bank of Missoula is a \$250 million dollar bank located in Western Montana approximately 150 south of the Canadian Border. We take OFAC enforcement very seriously given our close proximity to Canada.

As the Compliance Officer for First Security Bank I applaud this action. To have the public be aware of the various entities and sanctions will make enforcement of Know Your Customer and the USA Patriot Act much easier. Once the public is aware of what is happening inside our own Country they will be much more tolerable of increased banking restrictions and the banking industries desire to protect their assets.

Thank you for the opportunity to submit comments on this important proposal.

Sincerely,,,
